IN RECOGNITION OF THE BICENTENNIAL OF THE BATTLE OF HORSESHOE BEND

HON. MIKE ROGERS

OF ALABAMA

IN THE HOUSE OF REPRESENTATIVES

Thursday, March 27, 2014

Mr. ROGERS of Alabama. Mr. Speaker, I ask for the House's attention today to recognize Horseshoe Bend National Military Park on the bicentennial of the Battle of Horseshoe Bend.

The Battle of Horseshoe Bend took place during the War of 1812 in what is now known as Daviston, Alabama. On March 27, 1814, General Andrew Jackson led American troops into a day-long battle against a faction of the Creek Indians. Although the battle was trying, General Jackson and his troops defeated the Red Sticks.

March 27, 2014, will mark the bicentennial of the Battle of Horseshoe Bend. The area

where the battle took place is now known as Horseshoe Bend National Military Park. From March 27th–29th, a celebration of the bicentennial of the Battle of Horseshoe Bend will be held. This event aims to recreate frontier life in the year 1814 and seeks to emphasize the importance of the battle in United States history. The Alabama Tourism Department named the event one of its Top Ten Events for 2014.

Mr. Speaker, please join me and the community of Daviston, Alabama, in celebrating the bicentennial of the Battle of Horseshoe Bend.

SUSTAINABLE GROWTH RATE

HON. DANNY K. DAVIS

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Thursday, March 27, 2014

Mr. DANNY K. DAVIS of Illinois. Mr. Speaker, Medicare is the federal health insurance program for people who are 65 or older, certain younger people with disabilities, and people with End-Stage Renal Disease (permanent kidney failure requiring dialysis or a transplant).

For the past 11 years, the Medicare sustainable growth rate (SGR) formula has impeded stability in the Medicare program for providers and beneficiaries. Congress has to fix the SGR and not continue to do short term fixes every 3 or 6 or 12 months. Physicians should and deserve equitable reimbursement and not a lower reimbursement rate for the services they provide to our seniors. This is one of the leading reasons why physicians are leaving their practice. We should repeal SGR and establish a legislative fix with a minimum five-year period of payment stability for our doctors. This period will allow doctors to develop long-term strategic planning for their practice and time to invest in electronic health information technology and other medical systems to improve access and quality care for their patients.

Now is the time to capitalize on the lower offset now projected for the permanent repeal of the SGR formula otherwise failure to do so may cause problems for many providers to see Medicare patients. Ten thousand new enrollees enter Medicare each day. Access to physicians will suffer for the Medicare population as the gap between payments and practice costs continue to grow.

We need to pass H.R. 4015 without any poison pill provisions that will attempt to take pot shots to diminish the efficacy of the Affordable Care Act.
